

Premium Style and Performance

Explore premium decking in bold, beautiful colors with exceptional cap protection. Boards in these collections are covered from top to bottom and in the grooves with advanced Mold Guard Technology to prevent moisture damage. Composed of up to 80% recycled material and offering color options ranging from solid to infinitely variable, the TimberTech PRO Decking line doesn't disappoint.

- Wood and resin composite core protected by a fully synthetic 4-sided cap that covers the backside and into the grooves
- Extremely low-maintenance – never requires sanding, sealing, or staining
- Mold Guard™ Technology protects every side of the board from mold, mildew, and water damage – boards won't splinter, crack, or warp
- Premium fade resistance, proven in third party weathering testing – backed by a 30-Year Fade & Stain Warranty
- Made from up to 80% recycled material making it a sustainable alternative to wood. No trees are felled for this product.

PRO™ Decking 4-Sided Capped Composite

Legacy Collection

Bring artisanal decking with a cascading, highly complex blend of natural-looking colors and a hand-scraped texture to your deck design.

Tigerwood

Reserve Collection

Inspired by reclaimed wood, the rustic wire-brushed finish highlights a classic cathedral wood grain and offers better scratch resistance than competitors.

Driftwood

Terrain Collection™

Tap into the earthy and elegant moderately variegated and monochromatic colors of the Terrain Collection for a timeless, rugged deck that'll complete your outdoor living space.

Sandy Birch

Based on lab testing, PRO Deck products are cooler to the touch than many other deck board products in similar colors, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel.
